Parents will be notified as soon as possible.
6. The post-examination activity week originally scheduled from 25 January to 29 January, 2021 will be cancelled.
7. The notice of "January Special Announcements" will not be issued. Those need to be announced are listed in this notice already.

The school has strengthened disinfection and cleaning of the school campus and strictly observe all the health protection measures in accordance with the instruction from the Department of Health, so as to safeguard the health and well-being of teachers and students. We would like to urge parents to put in place appropriate preventive measures to guard against the spread of COVID-19, based on the health advice from CHP. For details, please refer to <http://www.chp.gov.hk>. We should avoid going out, having crowd gatherings and social

contacts as well as dining out during the Christmas holidays. Students should maintain a balanced diet, exercise regularly, and take adequate rest in order to strengthen their immunity. If students are feeling unwell (even if the symptoms are very mild), they must not return to schools and should seek medical advice promptly to receive appropriate diagnoses and treatments.

The school will closely monitor the situation and maintain close liaison with the parents. For enquiries, please contact the school nurse, Ms Leung or the school vice principal, Ms Wong (2424 7766).

Thank you for your attention.

Yours faithfully,
